Sold as	0

Description

Ideal for the safe storage of chemicals, drum dispensing and hazardous waste collection

Tall headspace allows you to store drums with rotary pump equipment and conical funnels still in place

Pallet sump catches leaks, drips and spills to help you comply with regulations

Self-assembly steel frame, with PVC cover, stops stormwater ingress and protects drums inside

Covers opening flap has ties to hold it in place when rolled-up and open for easy access to drums

UV-stabilised, all-poly construction resists chemicals, rust and corrosion
