Color	Yellow
Composition	610g/m2 Vinyl-Coated Fabric with Open-Cell Polyurethane Foam Core
Contents/Package	1/box
Dimensions	14cm W x 460cm L x 5cm H
Sold as	0

Description

Contain leaks and spills around your machinery without building expensive cement curbs or cutting and installing angle iron

PIG Build-A-Berm Barriers can be constructed into a semi-permanent, high-visibility barrier that's exactly the size and shape you need - indoors or out

Pliable open-cell foam barrier springs back into shape after you walk or roll over it with light, wheeled equipment

High-visibility yellow colour draws attention to barrier for increased safety

Great for use around battery charging stations, machinery or any other leak-prone areas
