Description

Rigid, double wall, weather-resistant construction prevents contaminants from entering stormwater and protects drums inside

Ideal for drum dispensing, hazardous waste collection and safe chemical storage

Pallet sump catches leaks, drips and spills, keeps drum tops and pallet accessories within easy reach and helps you comply with regulations

Access to both sides, one at a time, via two tough, flexible and ribbed easy sliding shutters

Easily transported by forklift, from both sides, when empty

UV-stabilised, all-poly construction resists chemicals, rust and corrosion
