PIG® High-Volume SpillBlocker® Dike

PLR253

Specifications

Weight	7.300000
Color	Yellow/Black
Composition	100% polyurethane
Contents/Package	1/box
Dimensions	10cm W x 152cm L x 11cm H
Warnings & Restrictions	Urethane Notice: Due to the nature of softer urethane, the physical properties of these products may change over time with exposure to certain environmental conditions like temperature, humidity and UV radiation. Typical life expectancy is 5 years. Please inspect the stored product regularly to ensure it is in a usable state. For optimum performance, ensure that the area where the product will be deployed is free of debris, cracks and holes. For more details and for chemical compatibility, please call Technical Services.
Sold as	0

Description

Exclusive New Pig formulation features a tear-resistant top layer and a flexible, tacky bottom layer that seals tight to smooth surfaces and blocks liquids

Taller height is great for containing deeper pools of liquid and larger flows

Built-in dovetail connectors create a liquid-proof seal and allow you to join as many sections as you need without extra parts

Confines and diverts fluids without absorbing them, making cleanup or reclamation simpler

High-visibility lime-green top colour draws attention to spill for increased safety
