Dimensions	91cm W x 305cm L
Warnings & Restrictions	Not suitable for temperatures over 77°C. Nominal Dimensions: Dimensions are nominal size due to pinched corners and reinforced side walls.
Purpose	For Roofs
Sold as	0

Description

Long, rectangular shape is ideal for catching leaks or accumulated condensation along cracks, fissures or pipes

Nonpermeable tarp is vinyl coated for strength and durability; resists punctures, UV and mildew for long life

Pinched corners help funnel liquid toward centre for better drainage

Accepts a standard 3/4" hose connection to channel liquid to floor drain or collection container (hose sold separately)

Grommets resist tearing and make installation easy
