Description

Exclusive "hamouflage" top layer saves on product and disposal costs; absorbed grime is invisible, so you'll leave mat in place longer and save money

Fast-wicking "diaper action" transfers liquids from the top layer into the absorbent inner layers; spills disappear in seconds

Tough, spunbond top layer stands up to heavy foot traffic; won't rip, tear, fray or create a trip hazard, even when saturated

Under the Ham-O top layer is the proven eight-layer, 100% polypropylene construction of PIG Mat, the strongest mat on the market

Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup

81cm x 116 cm size makes the mat fit perfectly on a europallet.
