PIG® Absorb-&-Lock™ High Visibility Water Absorbent Pads

WTR004

Specifications

Weight	0.600000
Absorbency	53 L
Color	Blue or Orange
Composition	Skin - Polypropylene; Filler - Super Absorbent Polymer
Contents/Package	10 pads/pack
Dimensions	36 cm x 36 cm
Warnings & Restrictions	Not for use with salt water
Sold as	0

Description

Super Absorbent Polymer (SAP) swells on contact with water and expands to pull in large volumes of liquid quickly

Absorbed water is locked inside; won't leach or run out when you pick up or dispose, even when fully saturated

Water locking gel mat pads are ideal for sewage and toilet backups and overflows and at the base of equipment, appliances and machinery, or used to clean up a large water spill due to toilet backups, overflows or pipe bursts

Expanded pads create a barrier to help prevent further leaks and drips from escaping and spreading into walkways; also good to help stop water from seeping under doors

Mat pads (before water contact) are low-profile to fit tight spaces; unobtrusive design won't create trip hazards

Non-toxic and non hazardous for easy disposal. Bright orange or blue colour and printed with "Caution" symbol for added safety
